Dorothy Mangurian Comprehensive Women's Center

A New Place: A New Way of Health Care for Women

While many facilities tout themselves as women's centers, few go beyond offering imaging services. Women's healthcare needs differ significantly from men's. Women's schedules and responsibilities seldom allow them to set aside time to access the various healthcare specialties they require.

Why a Facility Just for Women?

- ◆ Historically women put themselves last in providing for their own health care
- ◆ Symptoms and diseases often biologically differ for women
- ◆ Women account for 2/3 of surgical procedures and 65% of annual medical bills
- ◆ Women make up more than half the population and live longer than men

Redefining Women's Health at Holy Cross Hospital: Comprehensive & Compassionate Care to Bring Comfort and to Lift the Spirit in a Serene, Spa-Like Environment

- ◆ Cutting-edge health care designed specifically for women
- ◆ Beyond Obstetrics/Gynecology to include conditions that exist only in women, are more common in women and that are biologically different in women
- ◆ Facility and program developed based on community need and want
- ◆ Early involvement allows donors to help shape programs and services
- ◆ Enhanced patient experience
- ◆ Designer décor
- ◆ Dedicated entrance
- ◆ Concierge-like services
- ◆ One-stop care
- ◆ Immediate diagnosis and treatment start—Go from traditional 35 days from suspicious mammogram to surgery to same-day comprehensive services

This One's For the Girls!

Available Naming Opportunities

Welcome / Check-In Area

\$1,000,000

Because the Center itself is like no other, our greeting and registration area will also be exceptional. While maintaining the highest levels of privacy, it will at the same time be open and inviting to create a sense of acceptance and ease. This area will help the visitors of the Women's Center start off on the right foot and take the first step of healing.

Cuisine Center

\$1,000,000

Visitors of the Center will have the opportunity to relax over coffee between their doctors' appointments, meet friends for lunch or enjoy a leisurely afternoon snack at a trendy eatery that is healthy as well as tasty. It will include a teaching kitchen to train women to prepare healthy nutritious dishes with an eye toward contributing to a healthy future for themselves and their families.

Chapel

\$750,000

Providing a place of peace and serenity to remove oneself from the concerns and worries of the day is critical to healing. Our chapel will be open and available for quiet reflection, deep meditation and prayer. Your contribution will identify you and your family as the compassionate benefactor of this extremely significant part of the Women's Center.

Women's Boutique and Gift Shop

\$750,000

An upscale shopping area will provide the finest selections of unique gifts for friends, family, hostesses, expectant mothers, children, grandchildren and yourself. Join us in providing this relaxing and entertaining boutique!

Spa

\$750,000

To make our women's center truly comprehensive, we are planning to include a handsome space which provides the comfort and serenity of a spa. We anticipate offering yoga, acupuncture, massage therapy and other services that contribute to your health and well-being.

Doctor's Offices

\$250,000 for each, 5 available

Holy Cross Hospital's highly-celebrated doctors will be the core component of the Dorothy Mangurian Comprehensive Women's Center. Visitors will have access to the latest technology as well as the compassionate care for which our doctors have a reputation for providing. Naming our doctor's offices will help ensure top quality care to our community of women.

Lobby of the Jeane M. Dorini Imaging Center

\$100,000

The existing Jeane M. Dorini Women's Health and Resource Center will become part of the new Dorothy Mangurian Comprehensive Women's Center. As one of the most accessed areas of the center, the imaging lobby will be a place of comfort for those women waiting to receive services. Your name would be recognized by the multitudes of women who will utilize this very important space.

Education

In our goal to empower women, we are keenly aware that knowledge is power. That is why education is a central feature of the Women's Center. You will see it woven into many of the Center's strategic areas and we are planning a wide variety of methods to provide easy access to education.

Community Corridors

\$100,000 each, 5 available

The *Community Corridors* are our pathways to learning. They connect the various areas directly to our Education Community Rooms. Each corridor can be named and will link you to a passageway to specific areas of care: education, community events, treatment, counseling, imaging and many more activities. A donation will place your name on this highly visible connector to learning. Corridors available include: Education/Community, Doctor's offices, Spa, Registration and Cuisine Center.

Education/Community Rooms

\$100,000, 1 available

\$250,000, 1 available

\$500,000, 1 available

Our *Education/Community Rooms* offer comfortable, well-lit and properly designed spaces for receiving training, attending community events and meetings, accessing the web and studying. The rooms come in small (5-10 person capacity), medium (25-30 person capacity) and large (50 person capacity). They are adjoining and can be converted into a more spacious area for even greater space requirements.

Computer/Library Research Center

\$100,000

For "inquiring minds" or those in need of additional information, there will be a *Computer/Library Research Center* offering internet service. Visitors will be able to attend to their healthcare and between appointments, check email or work.

Lifestyle Center

Parlor \$500,000

Volunteer Room \$100,000

Counseling Rooms \$100,000, 4 available

We will have four Counseling Rooms, a Volunteer Office and a Parlor — all designed to enhance the outreach to the women in our community. Rooms will be devoted to multi-purpose activities including counseling, support groups, lifestyle classes and motivational sessions on various topics. The parlor will provide space for small group meetings/presentations. And our volunteer office will house one of the core components of our Women's Center support. We anticipate great demand for the services offered in these rooms.
