Dawn Daley Leads with Heart, Heals with Excellence

Daily Nurse | By Renee Hewitt | Aug. 13, 2025

At Daily Nurse, we proudly highlight exceptional nurses who make a real difference in their communities. This week, we honor Dawn Daley, RN, BSN, PCCN, a nurse clinician at Holy Cross Health in Florida, as our Nurse of the Week. This recognition is well-deserved and comes as she is also named Holy Cross Health’s Colleague of the Month for July 2025. With over thirty years of service at Holy Cross, Daley has become an essential presence in the Intermediate Care Unit (IMC).

Holy Cross Health Nurse Clinician Dawn Daley Honored as July 2025 Colleague of the Month

Story by Community Newspapers • 1d • 2 min read

Coconut Creek resident Dawn Daley, RN, BSN, PCCN was recognized as Holy Cross Health's Colleague of the Month for July 2025. As a nurse clinician in the Intermediate Care Unit (ICU), she educates staff, onboards new hires, and assists with implementing policies and evidence-based practices.

L Dawn Daley

"Dawn goes above and beyond in all that she does, embodying the true spirit of dedication, compassion and excellence in nursing," said Kimone Perry, Manager of IMC, who nominated Daley for Colleague of the Month. "Dawn is more than just a skilled clinician. She is our mama bear and a pillar of support for our patients, their families and colleagues. She provides comfort and reassurance to those around her, creating a work environment that is not only efficient, but also uplifting and encouraging."

Since joining Holy Cross 32 years ago as a charge nurse, Daley has worked in various positions at the hospital.

"Beyond her clinical expertise, Dawn is a true rockstar in every sense of the word," continued Perry. "She leads with heart, works with purpose and inspires those around her to strive for excellence. Her level of commitment to her nursing team is unmatched and her actions consistently reflect the highest standards of our profession."

Daley previously worked as a registered nurse at St. Elizabeth Medical Center in Youngstown, Ohio for seven years. She earned a Bachelor of Science in Nursing from University of Phoenix and a Diploma of Nursing from St. Elizabeth Health Center School of Nursing. She also attended Youngstown State University.

ABOUT HOLY CROSS HEALTH

A member of Trinity Health, Fort Lauderdale-based Holy Cross Hospital, dba Holy Cross Health, is a full-service, not-for-profit, Catholic, teaching hospital operating in the spirit of the Sisters of Mercy. Holy Cross has been recognized for six Types of Care in U.S. News and World Report's 2024-25 Best Hospital rankings and was named among the 2024 America's Best-In-State Hospitals by Newsweek. Holy Cross has been designated as a High Performer by the Human Rights Campaign Foundation for LGBTQ+ healthcare access. Through strategic collaborations and a commitment to being a person-centered, transforming, healing presence, the 557-bed hospital offers progressive inpatient, outpatient and community outreach services and clinical research trials to serve as our community's trusted health partner for life. Holy Cross Health also encompasses Holy Cross HealthPlex outpatient facility, an urgent care center and more than 40 Holy Cross Medical Group physician practices.  Holy Cross Health's Wound Healing and Hyperbaric Program Receives Center of Distinction Honor

Healogics recognizes program for its patient satisfaction and wound healing rates

Physicians, leaders and clinicians at Holy Cross Health are proud to announce that their Wound Healing and Hyperbaric Program has been awarded the prestigious Center of Distinction award by Healogics®, the nation's largest provider of advanced wound care services. The program achieved outstanding clinical outcomes for twelve consecutive months, including a patient satisfaction rate higher than 92 percent.

"This is based on the achievement of quality metrics and is a testament to the exceptional care we provide our patients every day," said Margie Garland, Program Director of the Wound Healing and Hyperbarics Program at Holy Cross HealthPlex. "I'd like to thank our medical director, Dr. William Ward, and clinical coordinator, Joly, for their leadership and dedication to our patients and team."

Holy Cross Health's Wound Healing and Hyperbaric Program is a member of the Healogics network of over 600 Wound Care Centers® and offers highly specialized wound care to patients suffering from diabetic foot ulcers, pressure ulcers, infections and other chronic wounds.

Advanced wound care modalities provided by their wound care experts include negative pressure wound therapy, total contact casting, bio-engineered tissues, biosynthetic dressings and growth factor therapies. Holy Cross Health's Wound Healing and Hyperbaric Program also offers hyperbaric oxygen therapy, which works by surrounding the patient with 100 percent oxygen to help accelerate wound healing.

A Transformative Contribution

Holy Cross Health Receives \$5 Million Planned Gift to Heart & Vascular Care

Holy Cross Health has been blessed to receive one of the single largest planned gifts in its 70-year history, a transformative contribution that will benefit the hospital and patients now and in the future. Philanthropists and grateful patients, Charles "Chuck" and Jacqueline "Jackie" Frasier, have named Holy Cross Health in their estate plans, committing nearly \$5 million to heart and vascular care.

"Chuck and Jackie chose to include Holy Cross Health in their estate plan as a way to honor the exceptional high-quality care they experienced at the hospital," said Laura Denoux, Vice President and Chief Development Officer at Holy Cross Health. "The Frasier's extraordinary planned gift reflects their belief in the mission of Holy Cross Health and a heartfelt desire to make a meaningful, lasting impact. Inspired by the compassionate care they received from their clinical teams, their generosity will help shape the future of our health system and extend healing to patients and families for generations to come."

The Fort Lauderdale, Florida couple is known for their dedication as philanthropists and community leaders with a passion for education, innovation and service. Chuck, a proud Michigan State University alumnus and retired packaging industry entrepreneur, built a successful 50-year career founding and leading companies focused on engineering and logistics. Together with Jackie, they have championed causes that reflect their shared commitment to excellence, sustainability and giving back by supporting initiatives that create lasting impact in their local community and beyond.

Earlier this year, the couple also demonstrated their commitment with a generous \$250,000 multi-year pledge further strengthening heart and vascular care at Holy Cross.

"Holy Cross Health is a special place with special people where we have always felt cared for and supported," Chuck said. "Dr. Llanos, Dr. Anand and the entire cardiovascular team saved my life. My wife and I are forever grateful and knew

Grateful patients Chuck and Jackie Frasier include Holy Cross Health in estate plans. (Photo Credit: Pavel Bronard)

we had to give back in a meaningful way."

The couple has trusted Holy Cross Health's physicians and clinical teams for many years, for everything from routine care to lifesaving interventions, including a transcatheter aortic valve replacement (TAVR). During their visits, they were inspired by the names of other generous donors displayed throughout the hospital. Now, their own names will join those donors who once inspired them with recognition on the main Philanthropy Gallery donor wall, as well as on the third floor of the Jim Moran Heart and Vascular Center.

"We're very grateful to the Frasier family for this transformative gift to support the heart center of the future," Holy Cross Health Interventional Cardiologist Alexander Llanos, M.D. and

Cardiac Electrophysiologist Rishi Anand, M.D. said in a joint statement.

Holy Cross Health Is Nationally Recognized for Its Commitment to Providing High-Quality Stroke Care

Holy Cross Health's Emergency Medical Services providers, physicians, nurses, techs, rehab staff, spiritual care and members of the stroke clinic

American Heart Association's Get With The Guidelines® program presents Holy Cross with quality achievement awards.

Holy Cross Health has received the American Heart Association's Get With The Guidelines® Target Stroke Honor Roll Elite Silver Plus and Advanced Therapy quality achievement awards for its commitment to ensuring stroke patients receive the most appropriate treatment according to nationally recognized, research-based guidelines, ultimately leading to more lives saved and reduced disability.

A close-up of a label AI-generated content may be incorrect. Get With The Guidelines® puts the expertise of the American Heart Association and American Stroke Association to work for hospitals nationwide, helping ensure patient care is aligned with the latest research- and evidence-based guidelines. Get With The Guidelines® is an in-hospital program for improving stroke care by promoting consistent adherence to these guidelines, which can minimize the long-term effects of a stroke and even prevent death.

Additionally, Holy Cross received the American Heart Association's Target Stroke: Type 2 Diabetes Honor Roll award, which aims to ensure patients with Type 2 diabetes receive the most up-to-date,

evidence-based care when hospitalized due to stroke.

"Holy Cross Health is committed to improving patient care by adhering to the latest treatment guidelines," said Pierre Monice, CEO of Holy Cross Health. "Get With The Guidelines makes it easier for our teams to put proven knowledge and guidelines to work on a daily basis, which studies show can help patients recover better. The end goal is to ensure more people in Broward County can experience longer, healthier lives."

Each year, program participants qualify for the award by demonstrating how their organization has committed to providing quality care for stroke patients. In addition to following treatment guidelines, Get With The Guidelines® participants also educate patients to help them manage their health and recovery at home.

"We are incredibly pleased to recognize Holy Cross Health for its commitment to caring for patients with stroke," said Steven Messe, M.D., volunteer chair of the American Heart Association Stroke System of Care Advisory Group. "Participation in Get With The Guidelines is associated with improved patient outcomes, fewer readmissions and

lower mortality rates — a win for health care systems, families and communities."

Stroke is the number five cause of death and a leading cause of disability in the U.S. Early stroke detection and treatment are key to improving survival, minimizing disability and accelerating recovery times.

HOLY CROSS HEALTH NURSE RESIDENT DEVELOPMENT MANAGER CRYSTAL CARUTHERS, MSN, RN, NPD-BC NAMED LEADER OF THE QUARTER FOR Q3 2025

Photo Credit: Holy Cross Health (left to right) Sara Jenkins, Francesca Filiberto, Lauren Didona, Crystal Caruthers, Adrienne Wolfson, Fola Adeagbo, Tracey Melhuish and Taren O'Brien family

Crystal Caruthers, MSN, RN, NPD-BC has been named Holy Cross Health's Leader of the Quarter for Q3 2025. She began her career at Holy Cross Health in 2008 as a member of the inaugural class of the Vizient/American Association of Critical-Care Nurses (AACN) Nurse Residency Program at Holy Cross Health, the first nurse residency program in Broward County. Today, she is the Nurse Resident Development Manager and mentors graduate nurses.

In describing Caruthers, her team finds her to be an effective leader due to her superior communication skills, ability to keep them informed and the consistency of her actions. She also makes herself accessible to answer questions, to listen to her teammates and to bounce around ideas.

"Listening is an art. She knows when to listen and act or when to listen and pause to allow for us to think of a solution on our own," said Lauren Didona, Nurse Resident Development Specialist, who nominated Caruthers. "She's a role model that truly embodies our Trinity Health culture and core values."

Didona also praised Caruthers' willingness to get to know her teammates, learn their strengths and weaknesses, provide them with guidance and assign them a manageable workload. "Crystal is not just a leader of her team, but a nurse who affects nursing practice across this ministry and throughout our organization," Didona added. "She's someone who chooses nursing every day and leads with grace. I am grateful for and inspired by her leadership."

For Caruthers, her love for the profession and clinical experience has driven her to make the Nurse Residency Program a solid framework for the growth and success of all nurses. Under her leadership, the program has demonstrated excellence in preparing residents for thriving careers in nursing. In its 17 years,

639 nurses have been trained and graduated. Last year, Holy Cross Health earned accreditation from the American Nurses Credentialing Center (ANCC) Practice Transition Accreditation Program (PTAP). The PTAP sets the standard for residency or fellowship programs that transition registered nurses and advanced practice registered nurses into new practice settings.

Caruthers has also spent more than a decade working at the bedside in the critical care setting, case management, care transitions and outpatient surgery. She has worked on initiatives focused on nurse retention and a healthy work environment and has served on numerous quality councils.

Caruthers has been recognized in the Salute to Nurses in South Florida Hospital News, which also published her byline on nursing residencies. She earned her Bachelor of Science in Nursing from Barry University in Miami and her Master of Science in Nursing with a focus on nursing leadership and management from Western Governors University in Salt Lake City, Utah.

HOLY CROSS HEALTH EARNS A U.S. NEWS & WORLD REPORT BEST HOSPITALS AWARD

Holy Cross Health recognized as high performing among six procedures and/or conditions

Holy Cross Health has been named among U.S. News & World Report's 2025-2026 Best Hospitals edition as a High Performing hospital for Colon Cancer Surgery, Heart Failure, Hip Fracture, Hip Replacement, Knee Replacement and Pacemaker Implantation. This is the highest distinction a hospital can earn as part of U.S. News' Best Hospitals Procedures & Conditions ratings.

U.S. News' annual Procedures & Conditions ratings are designed to assist patients and their health care providers in making informed decisions about where to receive care for challenging health conditions or elective procedures.

"Holy Cross Health has been dedicated to advancing the health of our community for 70 years," said President and CEO Pierre Monice. "While we are honored to receive accolades like this, the true reward is knowing that we are living out the healing legacy of the Sisters of Mercy."

U.S. News evaluated more than 4,400 hospitals across 15 adult specialties and 22 procedures and conditions; only one third of them earned an award. To determine the Best Hospitals, U.S. News analyzed each hospital's performance based on objective measures such as risk-adjusted mortality rates, preventable complications and level of nursing care. The Best Hospitals Specialty rankings methodology and Procedures & Conditions ratings methodology measure patient outcomes using data from over 800 million records of patient care.

"For more than three decades, U.S. News has been an invaluable guide for patients," said Managing Editor and Chief of Health Analysis Ben Harder at U.S. News.

"Hospitals designated as 'High Performing' by U.S. News demonstrate a consistent ability to provide excellent care for particular medical procedures and conditions, showcasing their specialized expertise as well as dedication to exceptional patient outcomes."

About Holy Cross Health

A member of Trinity Health, Fort Lauderdale-based Holy Cross Hospital, dba Holy Cross Health, is a full-service, not-for-profit, Catholic, teaching hospital operating in the spirit of the Sisters of Mercy. Holy Cross has been recognized for six Types of Care in U.S. News and World Report's 2025-2026 Best Hospital rankings and was named among the 2024 America's Best-In-State Hospitals by Newsweek.

Holy Cross has been designated as a High Performer by the Human Rights Campaign Foundation for LGBTQ+ healthcare access. Through strategic collaborations and a commitment to being a person-centered, transforming, healing presence, the 557-bed hospital offers progressive inpatient, outpatient and community outreach services and clinical research trials to serve as our community's trusted health partner for life. Holy Cross Health also encompasses Holy Cross HealthPlex outpatient facility, an urgent care center and more than 40 Holy Cross Medical Group physician practices. Holy Cross Health Recognized for Multi-Disciplinary Quality Improvement

The American Heart Association presents the Commitment to Quality award for hospitals working to improving patient outcomes across multiple clinical specialties

August 12, 2025 – Holy Cross Health has received the American Heart Association's Commitment to Quality award for achieving high performance across three or more clinical areas in the Get With The Guidelines® program.

Only 158 hospitals in the nation have met the criteria for this new award, demonstrating a comprehensive approach to quality improvement. By participating in three or more Get With The Guidelines programs, they commit to using real-time data registries, evidence-based protocols and cross-disciplinary teamwork to raise the standard of care across multiple specialties.

"This recognition reflects our team's dedication to treating the whole patient, not just the condition," said Pierre Monice, CEO of Holy Cross Health. "We are focused on continuous improvement and delivering the highest quality care across every department."
