**Holy Cross Health Presented
with Equality Means
Business Award**

Holy Cross Health was presented with the Equality Means Business Award during Equality Florida's Studio 54-themed gala.

The Equality Means Business Award recognizes businesses that are courageously, passionately and unwaveringly committed to moving the LGBTQ+ community closer to full equality and businesses that have adopted comprehensive non-discrimination policies and demonstrate their commitment to valuing and pro-actively including all employees. Holy Cross Health was the only business in Broward County to be honored this year.

"It was an incredible celebration for the LGBTQ+ community and Equality Florida, the state's leading LGBTQ+ Human Rights organization," said Rudy Molinet, Holy Cross Health's Board Chair.

"This was a proud moment for me personally as a member of LGBTQ+ community and as chair of our Board. I think it speaks volumes for our ministry and broadcasts to the LGBTQ+ community that Holy Cross is a welcoming and inclusive place to meet their healthcare needs. Everyone is welcome at Holy Cross with dignity and respect".

Molinet was joined at the gala by Kim Saiswick, VP of Community Health and Well-being, who accepted the award on behalf of Holy Cross. Also attending from Holy Cross were Mary Carter Waren, Mission Leader; ...

Von Biggs Presented with Unsung Hero Award For HIV/AIDS Advocacy

The Holy Cross Health Community Health & Well-Being Community Outreach Coordinator was recognized for his contributions.

Fort Lauderdale, Florida – December 16, 2024 – In recognition for his contributions to the HIV/AIDS community, Von Biggs, Holy Cross Health Community Health & Well-Being Community Outreach Coordinator, received the Unsung Hero Award. It was presented by Pridelines, in collaboration with Positive People Network, on World AIDS Day.

A pastor in Indianapolis told Biggs, who was a youth pastor at the time, 17 years ago that God had a plan for him to minister to AIDS patients. As fate would have it, Biggs himself was diagnosed with the virus two years later. Upon moving to Fort Lauderdale in 2018, he struggled to navigate the healthcare system when he needed Ryan White services, which provides primary medical care, medications and support for low-income people who are HIV positive. He also noticed a racial disparity in the quality of care. That experience fueled Biggs' passion to advocate for himself and others.
