New Hires

New hires are eligible for benefits on the first day of employment.

To view the complete eligibility rules and documentation requirements for you and your family visit <https://hr4u.trinity-health.org>

Adding Family Members

If you're adding eligible family members to your benefit plan during enrollment who have not been on Trinity Health's benefits before, you're required to provide written documentation (for example, marriage certificate or birth certificate) verifying their dependent status by uploading the appropriate documents to Workday or the HR4U colleague portal by documentation deadline. **If you don't submit the required documentation by the documentation deadline, your dependents will not be enrolled in coverage for 2024, and you'll be required to wait until next year's open enrollment period to add them to the plan** – provided they remain eligible, and you provide documentation verifying their dependent status at that time. To confirm who is eligible to be added to coverage, please see the "Who Is Eligible" section above. Dependents currently enrolled in Trinity Health benefits do not need to be reverified.

In order for your dependent(s) to be covered, you are required to provide a Social Security Number for each dependent age 45 or older.

Please note, you have the option to purchase coverage for your spouse/eligible adult and dependents. If you and your spouse/eligible adult or dependent(s) both work for Trinity Health, and are benefits eligible, you cannot elect dual coverage (enrolled as a colleague and a dependent). In addition, only one of you will be able to elect coverage for your child(ren). If dual coverage is elected or you both elect Trinity Health coverage for your child(ren), the coverage elected by one of you will not become effective and any premiums paid for that non-effective coverage are not refundable.

Medical Coverage

Trinity Health is offering you three medical plan options during benefits enrollment: the Traditional Plan, the Health Savings Plan, and the Essential Plan. All three plans are administered by Aetna and support our clinically integrated network structure.

Each plan offers these two tiers so you can pay less by receiving care from network providers.

- **Tier 1**, or the Holy Cross Physician Partners network providers, are facilities or physicians aligned with our organization that provide you with the lowest deductibles, coinsurance and copays. The Clinically Integrated Network includes these Tier 1 physicians who work to improve the health of our colleagues and the communities in which they live and work. For services unavailable through Holy Cross Physician Partners network providers, select Aetna providers will be available at the Tier 2 benefit level.
- **Tier 2** includes select Aetna providers (facilities and physicians) not listed under Tier 1. Tier 2 providers can save you money, but not as much as using our Tier 1 network. Prior authorization may be required for certain facilities or services. See the HR4U colleague portal for more information.

Mayo Clinic and City of Hope Comprehensive Care and Treatment Centers (formerly Cancer Treatment Centers of America) are not covered providers.

By using Tier 1 providers, you're not only reducing your out-of-pocket expenses, you're also supporting Trinity Health as an organization. Since the cost of medical premiums is shared by you and Trinity Health, using Tier 1 providers helps to minimize the rising cost of health care for all of us.

Selecting the Plan that's right for you

Please Note

In limited situations where an in-network provider is not available, please reach out to your medical plan administrator for review to see if you qualify for an exception based on a network deficiency.

For a qualified medical emergency, an emergency room (ER) visit will be subject to Tier 1 cost share regardless of the tier in which you seek care, and the ER co-pay will be waived if you are admitted.

About the Medical Plans

Access to Care

Trinity Health's goal with the Tier 1 network is to include adult/pediatric primary care, OB/GYN, hospital-based physicians (radiologists, pathologists, hospitalists, etc.), and high-volume specialties (cardiology, gastro, ENT, etc.). The majority of services should be available in Tier 1, however, some services may only be available at the Tier 2 level. Our intent is to ensure access to all services within Tier 1 or Tier 2 networks.

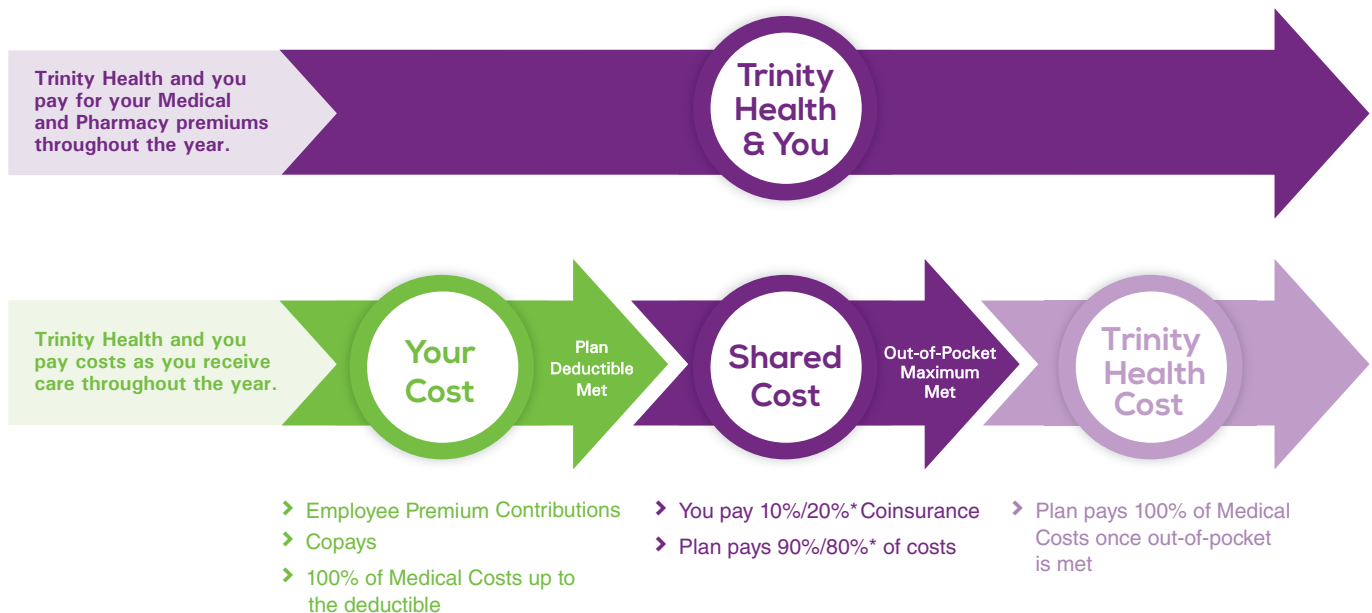

Medical Terms To Know

- **Clinically Integrated Networks** – local physicians and health care providers that have partnered with Trinity Health's Health Ministries to deliver services to colleagues. They are focused on helping you access the right care, at the right time, in the right setting. All providers are part of the Tier 1 network, so you pay the lowest cost for the care you receive.
- **Premiums** – the amount paid for your medical plan. Trinity Health pays a portion of your medical plan premiums and you pay a portion which is deducted from each of your paychecks.
- **Deductibles** – the amount you pay for covered health care services before your medical plan starts to pay. Typically, you pay only a copayment or coinsurance for covered services once you pay your deductible.
- **Coinsurance** – percentage of costs of a covered health care service you pay after you've paid your deductible.
- **Copay** – the fixed amount you pay for covered health care services.
- **Out-of-Pocket Maximum** – the most you pay during a plan year before your medical plan starts to pay 100 percent of covered health benefits.

Understanding your out-of-pocket medical costs

You may be wondering how Trinity Health and you share medical and pharmacy costs each year. The graphic below shows how costs are shared for both premiums and coverage. Keep in mind, your costs will vary depending on the plan and the network you access at the time of service.

How Trinity Health & You Share Medical & Pharmacy Costs

* Dependent on the Trinity Health Medical Plan selected and the cost share for Tier 1 facilities or physicians.

Paying for Medical and Pharmacy Coverage

Contribution levels for the medical and pharmacy plans are based on the Social Security taxable wage base (\$160,200 for 2023, indexed annually) to ensure our benefit plan cost-sharing model is appropriately aligned with our colleagues' income levels. The amount you pay for medical and pharmacy coverage is based on your annual base salary (your base rate of pay times your budgeted hours) and your participation in the Well-Being programs. If at any time during the 2024 plan year, you earn \$160,200 or more, you will pay a higher premium contribution per pay period for your medical insurance.

Need help with your medical and prescription drug costs?

You may be eligible for the Essential Assist Plan if you meet certain income requirements. The plan design is the same as the Essential Plan, but includes a Trinity Health-funded Health Reimbursement Account (HRA) to help you pay for your medical and/or prescription drug expenses. If you apply and qualify for the Essential Assist Plan, Trinity Health will provide you with \$1,000 for single coverage or \$2,000 for family coverage into an HRA*. This contribution is for you to use for any medical and/or prescription drug expenses you incur for as long as you are eligible for and enrolled in the Essential Assist Plan.

To participate in the Essential Assist Plan, you must apply and meet specific income and eligibility guidelines. To learn more, see the Essential Assist information in HR4U and apply by completing the electronic application within the HR4U portal. Be sure to include a copy of your most recent Federal Income Tax Form 1040 or 1040EZ by the deadline.

NOTE: We encourage you to enroll in the medical plan you think will be best for you in case you do not meet the Essential Assist Plan requirements for 2024. If you apply and qualify for the Essential Assist Plan, you will be moved to the Essential Assist Plan. If you are currently enrolled in the Essential Assist Plan and you do not re-apply for 2024 coverage, you will be defaulted to the Essential Plan.

*HRA amounts prorated for mid-year enrollments

How do the Incentives work?

For more information on how to achieve Full and 1-Person incentives, see the Live Your Whole Life section for more details.

More about the Health Savings Plan

The Health Savings Plan is a consumer-driven health plan which gives you the opportunity to participate in a plan where your health care costs are more closely determined by your decisions.

How the Health Savings Plan works:

First

You pay the full cost of medical and prescription expenses until you reach the annual deductible. **(Note: preventive care services and certain preventive 90-day generic prescriptions do not require you to meet the deductible).**

Second

Once you meet the deductible, you pay coinsurance until you reach the out-of-pocket maximum. A combined deductible means the full family deductible must be met even if only one person in the family is receiving care. Coinsurance begins once the combined deductible has been met.

Third

Once you reach the out-of-pocket maximum, Trinity Health pays 100% of all remaining eligible expenses during the year.

Keep in mind, the plan pays 100% for certain generic prescription drugs, diabetes and asthma drugs before your deductible is met.

For Open Enrollment Only

If you are currently enrolled in the HCFSAs for 2023 and you elect the HSA for 2024, you must utilize your HCFSAs funds by Dec. 31, 2023.

If you carry over any HCFSAs balance into 2024, you will be unable to receive employer HSA contributions or your colleague HSA contributions until April 1, 2024.

How the Health Savings Account (HSA) works

When you enroll in the Health Savings Plan, you automatically have a Health Savings Account (HSA) administered by HealthEquity to help you pay for current or future health care costs. Trinity Health will make a contribution to your account based on the coverage level you elect. In addition, you can also contribute to this account up to IRS limits:

Coverage Level	Trinity Health Contributions*†	Your Voluntary Contributions**†	Total IRS Allowed HSA Contributions
Colleague only	\$650	\$3,500	\$4,150
All other coverage levels	\$1,300	\$7,000	\$8,300

*Prorated based on effective date of coverage.

**If you are 55 or older, you can contribute an additional \$1,000 in catch-up contributions to your HSA.

†May be subject to state taxation.

Questions about the HSA

How do I get an HSA? To be eligible for the HSA, you must enroll in the Health Savings Plan. In addition, you cannot have coverage under another non-high deductible health plan, such as Medicare, TRICARE, or coverage through a spouse's health plan.

Who can use funds in my HSA? You and your dependents can pay for medical, dental, vision and pharmacy expenses with funds in your HSA. Dependents must be claimed on your tax return. (Note: Children under the age of 26 may not qualify to use HSA funds depending on their annual income and other factors, see IRS website for details.)

Why would I contribute to my HSA? Contributions to the HSA are a great way to save on taxes. With the HSA, you do not pay taxes on the amount you contribute through payroll deductions, the amount you withdraw for medical expenses, and the interest you earn in the account (up to amounts set by federal law)†. We encourage you to consult with a tax advisor for IRS rules and tax implications related to an HSA. Keep in mind that you can change the amount you contribute to your HSA at any time during the plan year.

How can I use the money in my HSA? You may use the HSA to pay for qualified medical, dental, vision and pharmacy expenses now and during retirement for you and your qualified dependents.

How do I pay for medical expenses with my HSA? When you receive eligible health care services, you can pay for those services with your HSA debit card, or through several online and smartphone app options. You'll receive more information about your payment options if you enroll in the Health Savings Plan with the HSA.

What happens if I don't use all the money in my HSA each year? Any money you do not use during the year is carried over, without any limits. Remember, you own the money in your HSA and it is yours to keep – even when you change jobs or retire.

Can I enroll in the Health Care Flexible Spending Account (HCFSAs) if I have an HSA? When you enroll in the Health Savings Plan that includes the HSA, you will not have access to the health care flexible spending account (HCFSAs). However, the HSA may be seen as having more advantages over the HCFSAs including:

- The opportunity to carry over savings from year to year – you do not forfeit any amount in your HSA at the end of the plan year.
- Contributions of up to \$8,300† in tax-free HSA dollars each year (the HCFSAs maximum is \$3,050);
- Your HSA dollars are saved in a bank account that may earn interest.

†May be subject to state taxation.

More About the Medical and Pharmacy Plans

Choose your Primary Care Physician (PCP)

Maintaining a relationship with your PCP is important because they are trained to recognize any health problems you may have. A PCP is the doctor you see for most services, including annual check-ups. Your PCP can also help you identify and meet your health goals and help you prevent serious, long-term health conditions. And, by following their preventive recommendations, they can help keep your health care costs low. Trinity Health encourages you to select and develop a relationship with a PCP. **If you are electing a Trinity Health medical plan for the first time you and your covered dependents will be required to select a PCP within the first 30 days from your effective date of coverage.** Be sure to indicate your PCP through the Aetna online portal. If no PCP is indicated, the Plan will auto-assign based on claim history, Tier 1 physician within a 25 mile radius of your home, or Tier 2 physician within a 25 mile radius of your home. To find an in-network physician or provider, visit <https://www.aetnaresource.com/n/Trinity-Health>.

Be a smart health care consumer

As you know, the cost of high-quality health care continues to increase each year. Being a smart consumer means getting the best price on something you need, whether it's a new car or health care.

Being a smart health care consumer doesn't mean you should avoid trips to the doctor – it means making the best decisions about *when* to go to the doctor. Regular checkups can improve your health and extend your life. By getting the recommended exams and tests, you increase your chances of discovering problems before an illness significantly affects your health. Plus, preventive care is beneficial not only to your physical well-being, it also makes sense for your financial health because generally, it's covered by your medical plan. For more information on preventive care benefits, visit <https://hr4u.trinity-health.org>.

An easy way to be a smart health care consumer is to choose a Trinity Health Tier 1 provider when you or a family member needs medical care. Besides receiving excellent care at our own facilities, you receive the highest level of benefits while paying the lowest available copayment and coinsurance amounts.

Maintenance Medications

Our prescription drug plan requires that you receive your maintenance medications* in 90-day supplies through a nearby Trinity Health onsite pharmacy, a local CVS pharmacy or OptumRx home delivery. Once you reach your plan limit (initial fill and 2 refills) for filling 30-day supplies at a retail pharmacy, you will pay the full cost of your medications if you do not move your prescription to one of the long-term options listed above.

*A maintenance medication is a long-term medication taken regularly for chronic conditions or long-term therapy.

Specialty Medications

Specialty medications are required to be filled at either a Trinity Health owned pharmacy or OptumRx Specialty pharmacy. Please note that select medications are required to be filled at Trinity Health Pharmacy Services only. Any member currently filling one of the selected medications will or have received direct communication to their home at time of required transition.

Prescriptions available at a Trinity Health pharmacy

Remember, purchasing your medications at a Trinity Health pharmacy may save you money. Also, you can fill prescriptions for up to a 90-day supply of your medications. To find a list of Trinity Health pharmacies, please visit the Pharmacy article in the HR4U colleague portal.

Coverage Under Trinity Health Medical Plan

- Behavioral health care including inpatient and outpatient mental health care and substance abuse care by Tier 1 & 2 providers is covered at the Tier 1 benefit level.

Colleague Health Plan Well-being Incentive

Each year, medically enrolled colleagues and spouses/eligible adult dependents have an opportunity to earn an incentive to retain the lower per pay period cost for medical coverage by completing and tracking healthy-living and well-being activities. The Colleague Health Plan Well-being Incentive is only **one component** of *Live Your Whole Life*.

Here's how the program works:

- 1 **All colleagues start the plan year with the Full Incentive amounts (lower per pay cost for medical coverage).** Note: See the box to the right to understand the options for Full and 1-Person Incentives.
- 2 **Log into or register for your Live Your Whole Life account at trinity-health.org/lywl or on the mobile app.**
- 3 **Earn points by completing program activities.** Points earned within a quarter accumulate to drive progress to higher levels of the game.
- 4 **Complete Level 4 of the quarterly game by earning a total of 5,000 points each quarter to maintain a lower per pay cost for medical coverage in the following quarter.**

Quarter	2024 Dates	Premium change date
Q1	Jan. 1 – March 31	Pay including May 1
Q2	Apr. 1 – Jun. 30	Pay including Aug. 1
Q3	Jul. 1 – Sept. 30	Pay including Nov. 1
Q4	Oct. 1 – Dec. 31	Complimentary Quarter – all members are gifted completion status for Q4

- 5 **Those who do not complete Level 4 by the quarterly deadline will not maintain their incentive.**

Incentive Structure

There are separate incentive amounts for colleagues and spouse/eligible adult. If both you and your spouse/eligible adult complete four levels in each quarter, you will maintain the Full Incentive amounts. If only one of you completes all four levels in each quarter, you will only maintain a 1-Person Incentive amount. (See the section "Paying for Medical and Pharmacy Coverage" for contribution rates with Full and 1-Person Incentives).

Need another chance to earn your Full Incentives?

The game resets each quarter with a new opportunity to maintain or regain your Full Incentive amounts. If you do not complete Level 4 by the Quarter 1 deadline, you will have the opportunity to regain your Full Incentive amounts by completing Level 4 in Quarter 2, and again in Quarter 3.

If you feel that you are unable to complete the Live Your Whole Life incentive activities by the deadline(s) due to extenuating circumstances (e.g., medical hardship, military deployment), you may request an exception. For your exception request to be reviewed, you must complete the form and return it prior to the end of each quarter. You can find exception forms at trinity-health.org/lywl or by calling 855-491-8781.

New hires and colleagues eligible after Jan. 1, 2024

Colleagues with a medical benefits effective date after Jan. 1, will pay the lower per pay cost for medical coverage through the remainder of the calendar year.

For more information on dates and activities, please visit the Live Your Whole Life website at mybenefits.trinity-health.org/lywl or call 1-855-491-8781.

	Health Care Flexible Spending Account (HCFSA)	Dependent Care Flexible Spending Account (DCFSA)
How much can I contribute?	Before-tax dollars in any amount between \$130 and \$3,050 (Trinity Health uses the 2023 IRS limit)	Before-tax dollars in any amount between \$130 and \$5,000 if you file your tax return as married filing jointly, \$2,500 limit per spouse if married filing separately

These include the Pay my Provider, Pay me Back, or by using the Mobile application.

*For mid-year enrollments, this date will be your effective date of coverage.

Reminders:

- **If you choose to enroll in the Health Savings Plan medical plan option**, you cannot enroll in the HCFSA. The Health Savings Account (HSA) works just like the HCFSA but offers additional benefits, such as the opportunity to carry over unused funds, contribute up to \$3,500/individual (\$7,000/family), plus an additional \$1,000 in catch-up contributions if you are age 55 or over, and earn interest on your savings.
- You must make HCFSA and/or DCFSA elections for 2024 during open enrollment.
Your prior year elections will NOT carry forward.
- HCFSA and DCFSA claims for the 2024 plan year must be postmarked by Mar. 31, 2025.
- If you choose to contribute to the HCFSA for the first time in 2024, a new HealthEquity Card will be mailed to your home. Otherwise, you will only receive a new HealthEquity Card when your current card expires.
- You may contribute to the HCFSA even if you do **not** elect coverage in a Trinity Health medical plan.

For more information about your FSA benefits and to obtain a list of eligible expenses, visit <https://hr4u.trinity-health.org>.

How to use your remaining 2023 HCFSA funds

If you contributed to the HCFSA in 2023 and have funds remaining on Dec. 31, 2023, you can use the funds for claims incurred between Jan. 1, 2024 and Mar. 15, 2024. Claims must be submitted by Mar. 31, 2024. The only way to use your remaining 2023 funds during this grace period is to pay for the claim at the time of service and submit your claims to HealthEquity for reimbursement. Do not use your HealthEquity debit card to pay for claims during this period because the card will access 2024 funds.

Retirement Benefit

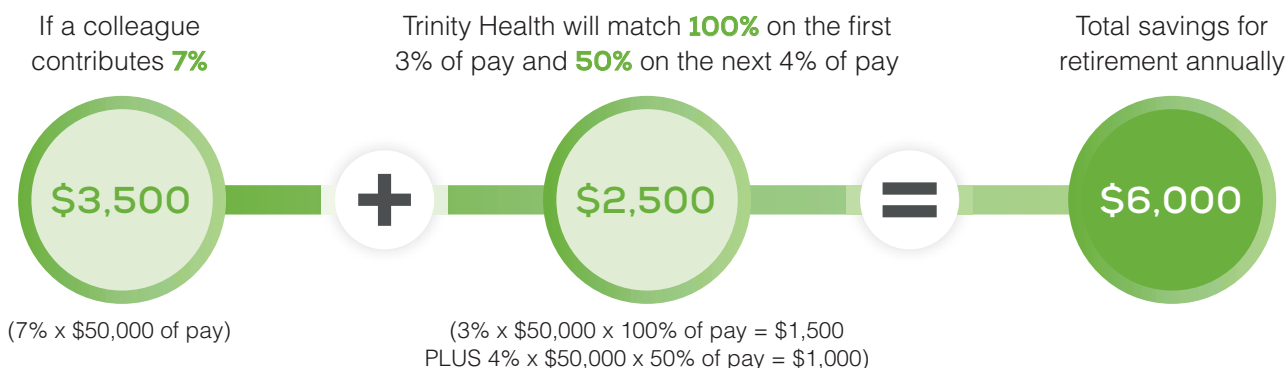

Saving for Retirement is a partnership. The Trinity Health Retirement Savings Plan is offered to support you in reaching your savings goals for retirement. Trinity Health will match up to 10% of your voluntary contributions as follows:

This means if **you contribute up to 10%** of your eligible pay, **Trinity Health will contribute up to 6.5%**, up to IRS contribution and pay limits.

Colleague Example

Colleague earns \$50,000 and contributes 7% of pay to the Trinity Health Retirement Savings Plan*

**For illustrative purposes only. Colleague contributions, and if eligible, employer contributions to the retirement plan are made per paycheck and are subject to IRS limits. There are no hours requirements to participate in the Plan and make contributions; however, hours requirements do apply to receive an employer matching contribution.*

How To Participate

- 1 ENROLL**

Your Plan account will be established with Fidelity Investments within 7 business days of your hire date at which point you may enroll and enter your contribution election to begin saving under the Plan by logging into your account at netbenefits.com or calling Fidelity at 800-343-0860. If you do not make an election, you will be automatically enrolled in the Plan with a contribution rate of 2%, 35 days after your hire date. You may change your contribution election at any time.

- 2 INVEST**

You decide how much to contribute, and you decide where to invest your contributions from the investment options offered under the Plan. If you do not have an investment election, your future contributions will be invested in the target date fund that has a target retirement date closest to the year you might retire and assumes a retirement age of 65.

- 3 REVIEW**

You may review your online accounts at Fidelity. Remember to review your beneficiary election. It is important that you designate your beneficiary for the assets you save. If you do not have a named beneficiary at the time of your death, your beneficiary will be your spouse. If you do not have a named beneficiary at the time of your death and you do not have a spouse, your beneficiary will default to your estate.

Eligibility

All colleagues are eligible to participate in the Trinity Health Retirement Savings Plan.

For questions or more information contact Fidelity Investments at **1-800-343-0860** or visit **netbenefits.com**.

Vesting

Vesting means you have earned a right to the Plan benefits. You earn a year of vesting service for each calendar year you are credited with at least 1,000 hours of service. You will be vested in your Trinity Health employer matching contribution accounts after you have completed three years of vesting service or at age 65 while actively employed at a Trinity Health entity. You are always fully vested in the money you contribute to the Plan, and earnings thereon.

Limits

The IRS limits the amount of pay that can be included in determining your benefit and the amount of contributions you can make annually.

2023 IRS limits*

\$330,000	IRS compensation limit
\$22,500	maximum annual employee contribution
\$7,500	annual catch-up contribution**

*The IRS reviews these limits annually.

**If you are age 50 or older you may make an additional catch-up contribution each year.

Don't forget to complete your beneficiary election

You may contact Fidelity Investments to initiate rollovers into the Trinity Health Retirement Savings Plan and discuss strategies to consolidate your retirement accounts.

More about...

Your Contributions

You may defer a portion of your earnings as either pre-tax or Roth contributions or a combination of both pre-tax and Roth contributions. All contributions (pre-tax and Roth) are included in the calculation of the employer matching contribution. Contribution elections may be changed at any time during the year.

Automatic Enrollment

Automatic enrollment is a convenient way to assist you with enrolling in the Plan. The Plan automatically enrolls you at 2% (pre-tax) if an election is not made to contribute into the Plan. You are notified at least 35 days in advance of the automatic enrollment period and have an opportunity to opt out or change contribution elections at any time. Automatic enrollment occurs when colleagues are newly hired and annually in January.

Annual Increase Program (AIP)

AIP allows you to gradually increase your savings rate by 1% each year. You may use the "annual increase" feature to gradually increase your savings rate and match opportunity, and grow your account. Once you sign up, you don't have to think about it. The annual increase to your contribution election will happen automatically. You may choose to opt out of this program at any time.

Important Reminders

Benefit elections are final for 2024

Remember, the benefits you elect will be in effect from Jan. 1 through Dec. 31, 2024. The choices you make now are final for 2024, because open enrollment is your only opportunity during the year to switch medical, dental or vision plan coverage unless you experience a qualified family status change or certain employment status changes.

If you experience a qualified family status change or certain employment status changes and provide any required documentation to the HR Service Center within 30 days of the event, you will be allowed to make certain benefit changes that are consistent with the status change. For example, if you get married during the plan year, you'll be able to add your spouse to your coverage within 30 days of the marriage. For more information on qualified family or employment status changes, visit <https://hr4u.trinity-health.org>.

Notice: Women's Health and Cancer Rights Act of 1998

The Women's Health and Cancer Rights Act of 1998 requires all group health plans that cover mastectomies to provide certain reconstructive surgery and other post-mastectomy benefits. Trinity Health's medical benefit plan provisions are as follows:

- The Trinity Health medical benefit plan will not restrict benefits if you or your eligible dependent receives benefits for a mastectomy and elects breast reconstruction in connection with the mastectomy.
- Benefits will not be restricted provided that the breast reconstruction is performed in a manner determined in consultation with your (or your eligible dependent's) physician, and may include:
 - Reconstruction of the breast on which the mastectomy was performed;
 - Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
 - Protheses and treatment of physical complications of all stages of mastectomy, including lymphedemas.

Benefits for breast reconstruction may be subject to appropriate plan coverage provisions and limitations, including annual deductible, copayment and coinsurance provisions that are consistent with those established for other benefits under the plan.

If you have any questions about your medical plan provisions relating to the Women's Health and Cancer Rights Act of 1998, contact the HR Service Center.

NOTICE REGARDING WELLNESS PROGRAM

The *Live Your Whole Life* Colleague Health Plan Well-being Incentive Program (the “Well-being Program”) is a voluntary wellness program available to all colleagues and their spouses/eligible adult dependents enrolled in a participating medical and prescription drug program (a “group health plan”) offered by your Trinity Health employer. The Well-being Program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the Well-being Program, you will be able to complete a voluntary health risk assessment or “HRA” that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). In addition, certain other activities that are intended to help colleagues improve their health or prevent disease are offered under the Well-being Program. You are not required to complete the HRA or participate in any of Well-being Program activities.

However, colleagues who choose to participate in the Well-being Program will receive an incentive of lower-cost group health plan coverage for completing a voluntary HRA and/or other activities. If a colleague’s spouse/eligible adult dependent is also enrolled in the Trinity Health group health plan, the colleague will receive the two-person incentive amount if the spouse/eligible adult also completes the Well-being Program activities. If either the spouse/eligible adult or the colleague (but not both) complete the Well-being Program activities, the colleague will receive a one-person incentive amount. Although you (and your spouse/eligible adult dependent, if applicable) are not required to complete the Well-being Program activities, only colleagues (and their spouses/eligible adult dependents, if applicable) who do so will receive the incentive of lower-cost group health plan coverage throughout the plan year.

Additional incentives of up to \$500 may be available for colleagues and their eligible dependents, enrolled in a standard Trinity Health group health plan (i.e., the Traditional, Health Savings, or Essential medical and prescription drug plan), who submit a claim for non-surgical weight loss through HealthEquity. For more information, contact HealthEquity customer service at 877-924-3967.

NOTE: The requirement to complete Well-being Program activities to receive an incentive of lower-cost group health plan coverage for a plan year does not apply to colleagues who first become benefits eligible during a plan year.

If you (or your spouse/eligible adult dependent, if applicable) are unable to participate in any of the health-related activities required to earn an incentive, you (or your spouse/eligible adult dependent, if applicable) may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the *Live Your Whole Life* consumer support line at 855-491-8781.

The information from your HRA (if completed) will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through the Well-being Program, such as condition management, medical management, case management, and health and well-being coaching. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the Well-being Program and Trinity Health may use aggregate information they collect to design a wellness program based on identified health risks in the workplace, the Well-being Program will never disclose any of your personal information either publicly or to your employer, except as described in the paragraph below, as necessary to respond to a request from you for a reasonable accommodation needed to participate in the Well-being Program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the Well-being Program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Anyone who receives your information for purposes of providing you services as part of the Well-being Program will abide by the same confidentiality requirements. The only individual(s) who may receive your personally identifiable health information are third-party administrators, members of a clinically integrated network, and other healthcare providers and professionals, such as registered nurses, doctors, case managers, medical managers, health coaches, condition managers, and the Well-being Program administrator in order to provide you with services under the Well-being Program.

In addition, all medical information obtained through the Well-being Program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the Well-being Program will be used in making any employment decision.
