Lung Cancer Screening Program
Guidelines for low dose CT screening

A. MORE SMOKING YEAR WITHOUT OTHER RISKS:

- 55 - 74 yo (medicare age +/- 10 yrs)
- > 30 pack-year smoking history
- quit < 15 years ago

OR

B. FEW SMOKING YEAR WITH OTHER RISKS:

- >50 yo
- > 20 pack-year smoking history
- **Plus 1 additional risk factor** (other than second hand smoke)
 - **Asbestos** related Lung disease or asbestosis
 - History of **Emphysema** or **COPD**
 - **Family Hx of Lung CA** (Parent, sibling or child)

If you feel your patient fits in above criteria and want to
Order a Low Dose CT scan:

1. Call Nurse Lung Navigator @ 954-776-3114
2. If you feel you meet this criteria, talk to your Doctor. Low dose CT needs a prescription
3. Refer to tobaccofreeflorida.com at 877-822-6669 for free smoking cessation counseling and access to patches, etc...
